PROCEEDINGS

Status conference -- Held.

NOTES AND ORDERS

The jury trial date of July 14, 2025, was set almost exactly one year ago in June 2024. *See* Dkt. No. 462. The proposal to continue trial to an unspecified date after September 26, 2025, Dkt. Nos. 612, 615 is denied. A jury trial is set for July 21, 2025, at 9:00 a.m. in Courtroom 11 in the San Francisco courthouse.

There is plenty of time to provide notice and an opt-out election to the certified class. To that end, the parties are directed to: (1) promptly arrange for placement of banner ads and the like on social media sites such as Facebook, Google, and other sites of wide use to notify class members of the trial date and provide a link to a webpage with an opt-out option; (2) place similar notices in print publications of wide readership; (3) push notifications through the Flo App to the email addresses of all current users; and (4) push notifications to user email addresses stored on Flo's servers and system for the class period. Notice must be completed by June 23, 2025. The deadline to opt out will be July 20, 2025.

The parties will file weekly joint reports on the status of notice starting on June 9, 2025.
